Breeze

Lush

[Incomprehensible] sits sky high
Skips to the starlight
Rains tinsel whispers
Breeze blows awayI crawl inside me
My eyes to heaven
Pink cloud sits sky high
Breeze blows awaySilver air everywhere
Doesn't care
But silver winds
Cut my skin everywhereI crawl inside me
My eyes to heaven
Pink cloud sits sky high
Breeze blows awayBreathe in green velvet
My lips taste warm earth
Pink cloud sits sky high
Breeze blows awaySummer sun so much fun
Colors run
Hot summers kiss
Cloudless bliss burns my tongueSummer sun so much fun
Colors run
Hot summers kiss
Cloudless bliss burns my tongueHot summers kiss
Cloudless bliss burns my tongue
