

# It's a Long Way There

## Little River Band

Hey everybody, yeah  
Don't you feel that there's something? People on their own are getting nowhere  
I am on the road to see  
If anything is anywhere and waiting, just for me Every night I walk around the city  
Seems like I'll never know  
That feeling of being together when I go And it's a long way there  
It's a long way to where I'm going And it's a long way there  
It's a long way to where I'm going Hey everybody  
Don't you feel that there's something  
But you know in a moment it is gone? I live for the day when I can hear people saying  
That they know and they care for everyone  
But I feel like I've been here for the whole of my life  
Never knowing home It's a long way  
It's a long, long, long way there I'm gonna keep on tryin'  
I'm gonna keep on tryin', yeah  
I'm gonna keep on tryin'  
I'm gonna keep on tryin', ahh And it's a long way there  
It's a long way to where I'm going Hey everybody, yeah  
Don't you feel that there's something?  
Feel it, feel it, hey everybody, yeah  
Don't you feel that there's something?
