

Junkie

Pay The Girl

I will drink you in, drown in every drop
Burn while you fiddle, dancin' on my heart
And I will smoke you in, get high off your soul
Wanna be your junkie, wanna be your junkie, yeahIts four A.M. and I cant sleep
I need you in my veins, Im weak
I like not knowing where Im goingI will drink you in, drown in every drop
Burn while you fiddle, dancing on my heart
And I will smoke you in, get high off your soul
I wanna be your junkie even if you dont knowYoure every word that I cant speak
Im in for life, Im in too deep
I like not knowing where were goingI will drink you in, drown in every drop
Burn while you fiddle, dancing on my heart
And I will smoke you in, get high off your soul
I wanna be your junkie even if you dont knowI will drink you in, smile while I fall
Burn while you fiddle, dancing on my heart
And I will smoke you in, get high off your soul
Let me be your junkie, I wanna be your junkie, yeah, yeah, yeahI wanna be your junkie
Let me be your junkie
Yeah, yeah yeah, yeah
