

# Watering Hole

[Missy Higgins](#)

Watering hole in my head  
Watering hole in my head  
Watering hole, the hole in my head  
I stretched and I scratched and I pulled at that hole  
That watering hole in my headIn my head  
In my headBut every night one by one  
All of the beasts I once ran from  
Crawl out of the darkness and into my bed  
These vultures of light they must be fedIn my head  
In my head  
In my head  
In my head
