PACIFIC STANDARD TIME

Dan Cribb (The Decline)

Sleep is also known as i'm awake
Addicted to the easy life that everybody hates
I wonder should i call you or just stare in space again
There's always a beginning on your end
Somebody get me off this lonely sad parade
The differences a hundred miles but a couple months away
I'm saying hello just to say goodbye
You must be tired of waiting
Or making plans to go
Somewhere between an empty feeling and the worst one that you know
But i am saving every photograph of you
So every lie i live i see the truth
Cold December just got on the board

And every noise reminds me of the suitcase by the door
I wonder should i wake you up, i watch tv instead
These idiots are making me forget
How much you always forgive everything i do
The time and space begin of certain if i'm coming back to you
I'm saying this to let you know i try
You must be tired of waiting
Or making plans to go
Somewhere between an empty feeling and the worst one that you know
But i am saving every photograph of you
So every lie i live i see the truth
Somebody get me off this lonely sad parade
The differences a hundred miles but a couple months away
I'm saying hello just to say goodbye
