

Out of My Mind

[Samiam](#)

How did you get this far, understanding nothing at all
You're nothing but small talk, is there anybody home
Is there a secret plan that you follow, do you do any thinking of your own
Make up your mind, flip a coin or something
Just say anything but I don't know
You do so much sneaking around, is it some kind of a stupid little game
Let's pretend that you're the master mind, and I'm your little blind dope[Chorus]
Stay out of my sight, I'll put you out of my mind
Don't even want to know you anymore
Stay out of my sight, I'll put you out of my mind
Out of my mind
Don't even want to know you anymore
Stay out of my sight, I'll put you out of my mind
How did you get this far, understanding nothing at all
You're nothing but small talk, is there anybody home
Transparent, simple mind
Just hold your hands over my eyes
Unless you're trying to insult me
You'd better work harder on those lies[Chorus]
