

Overdue

Muse

You needed it when I was away
And no matter what I say
You'll never forget when I wasn't there
So why should I care?
I'm young, but I know when I'm aroused You know that I care
You should've been there
You know that I care
You should've been there It doesn't matter where I have gone
I just can't afford to
Pay for all the mistakes that you have made
It's about time I was paid
I'm young, but I know when I'm aroused You know that I care
You should've been there
You know that I care
You should've been there You know that I care
You should've been there
You know that I care
You should've been there You know that I care
You should've been there
You know that I care
You should've been there
