

Come Along

Smash Into Pieces

Can someone save me
Just take me in
This time it's different
I'm different
I need a change
That's why I'm searching
I'm fighting
I'm waiting for you
I need to feel
Where I belong
I'm waiting for you to come along
I need to dream
To carry on
I'm waiting for you, now come along
Come along
And I need you to find me
So I can say Good bye
To dreaming, not knowing
What you and I feels like
I'm breaking
I'm trying
I'm waiting for you
I need to feel
Where I belong
I'm waiting for you to come along
I need to dream
To carry on
I'm waiting for you, now come along
Come along
There were times I needed to
Be on my own
Find myself again
Now I'm ready to let someone in
And show it all
Who I really am
I've been gone for too long
I've been down but I'm strong
I'll make my way back again
I'm waiting for you to come along
