More, More, More

No Mercy

What do you want?
What do you need?
I'll give you everything
Your satisfactions turn completeYou never felt
Like this before
Nobody's gonna give you
More, more, moreYou get more
You get more
You get more
You get moreI got a lot of pride
You're my perfect lover
When it comes to loving
There could never be anotherEverything you dream of
Will soon be coming true
Girl, you gonna love the way
I do the things I doI'm your perfect lover
Forget about the rest
You can search the world
Nobody's gonna stay the testWhat do you want?
What do you need?
I'll give you everything
Your satisfaction's guaranteedYou never felt
Like this before
Nobody's gonna give you
More, more, moreYou get more
You get more
You get more
You get moreI will make you happy
'Cause I can read your mind
Soon you gonna learn
A love like mine is hard to findI'm your perfect lover
Forget about the rest
You can search the world
Nobody's gonna stay the testWhat do you want?
What do you need?
I'll give you everything
Your satisfactions turn completeYou never felt
Like this before
Nobody's gonna give you

More, more, moreYou get more
You get more
You get more
You get moreYou get more
You get more
You get more
You get moreWhat do you want?
What do you need?
I'll give you everything
Your satisfactions turn completeYou never felt
Like this before
Nobody's gonna give you
More, more, moreWhat do you want?
What do you need?
I'll give you everything
Your satisfaction's guaranteedYou get more
You get more
What do you want?
