

# Runaway

## Wishbone Ash

I thought I had been every place a man could be,  
'till I met a lady who brought me to my knees.  
The day I stop loving is the day that I die,  
But now I'm running from her game 'cause the lady is a lie. I've got a choice  
Run away or be torn to shreds.  
I've got a life and I want to live  
Don't want to be dead. I met her down in the underground,  
Got a taste of the low life, just creepin' around.  
I got what I came for and more, that's for sure,  
'cause now I'm running from her game, can't take any more. I've got a choice  
Run away or be torn to shreds.  
I've got a life and I want to live  
Don't want to be dead. When I first met you, baby,  
I knew you could come on strong.  
But when you held a knife to me,  
You know, that just ain't too friendly.  
I've heard of liberated,  
But that's so understated.  
I should have listened to them  
When they told me you were crazy  
And you said I was a runaway.
