Howl

The Red Cannons

howl
the night young
and the moon
replaces the song

hold back
shotgun
you sweat
you pray
you run

and i'll howl for you
and i'll fight hard
back to my root
where we got to stop
and i'll bring you a piece
if you want that
lets go on and be free
so whats the way back?

(...)
(...)
escape
from watch you look long

howl
in to blackness
(...)
go on (...)

and i'll howl for you
and i'll fight hard
back to my root
where we got to stop
and i'll bring you a piece
if you want that
lets go on and be free
so whats the way back?

and i'll howl for you

and i'll fight hard
back to my root
where we got to stop
and i'll bring you a piece
if you want that
lets go on and be free
so whats the way back?
