

Got Me Good

Cody Simpson

You-u-u-u-u, got me good
I-I-I-I-I, you-u-u-u-u
I like this right here Word on the street is that youre single
So baby have you heard my single?
It goes la di da and it hits like a cymbal
I drew a heart with my finger on your window Whats up?
Even with your hair up
Girl, whats up?
Even in your sweat pants
Girl, whats up?
Even when you wake without any make-up, Im in love Cause Im
So tired of the same old things
Ima need something new in my life, yeah
So tired of the same old games
Yeah its time I started feeling right
Cause you-ou-ou-ou-ou, got me good girl
I-I-I-I-I, feel so good girl
You-u-u-u-u, got me good
And you know that I need you so bad You said youre talking to your ex-boy (well)
Well just remember hes your ex-boy (ugh)
Well maybe I could be your next boy
And just remember that youre better than the rest So baby, whats up?
Even in your work clothes
Girl, whats up?
You know how to wear clothes
Girl, whats up?
Girl, you got me lost in your eyes, Im in paradise
Whats up? Cause Im
So tired of the same old things
Ima need something new in my life, yeah
So tired of the same old games
Yeah its time I started feeling right
Cause you-u-u-u-u, got me good girl
I-I-I-I-I, feel so good girl
You-u-u-u-u, got me good
And you know that I need you so bad I wanna know what it feels like
To run my fingers through you hair
I wanna know what drives you out
Cause baby we could drive it there

Tell me that Im dreaming
No, I dont wanna wake up
No, I dont wanna wake upOooohSo tired of the same old things
Ima need something new in my life
So tired of the same old games
Think its time I started feeling right
Think Im in love
Cause you-u-u-u-u, got me good girlI-I-I-I, feel so good girl
You-u-u-u-u, got me good
And you know that I need you so bad
You-u-u-u-u, got me good girl
I-I-I-I, feel so good girl
You-u-u-u-u, got me good
And you know that I need you so bad
So bad, so bad
So bad, so bad
So bad, so bad
So bad, so bad
