

# When Day Turns Into Night

## Busted

Nobody's there when you get home  
Your renting movies on your own  
My photo's on your bedroom wall  
You sit there waiting for my call[Chorus:]  
And I know  
I leave you on your own  
And I need you to be strong  
When I'm walking away  
And I  
I hate to say goodbye  
It gets harder every time  
What I feel  
You feel inside  
When the day turns into nightAnother tired afternoon  
Another destined hotel room  
I hate the fact that your not here  
But now I'm counting down the days till I get there[Chorus x2]  
And I know  
I leave you on your own  
And I need you to be strong  
When I'm walking away  
And I  
I hate to say goodbye  
It gets harder every time  
What I feel  
You feel inside  
When the day turns into night
