

Frigid Fuck

Cliteater

[Chorus]

Now I shove my manhood into you
You scream because you're a frigide fuck
Teered cunt, I now devour Your cunny cream splashes on your tights
Combined with blood
To me you are nothing
Just a slap of meat to fuck Randy bith turns me on by saying no
You always wanted to wait
Now I'm taking controle Your deep and succulent gash wet
With your blood
Makes you my beautiful
Frigid fuck, frigid fuck
