## Troy Ave

Anytime (anytime) anyplace I keep one with me  
(Powder) la la la la la la la la la la Harry Powder keep one its a snub  
Haters all around it ain't all love  
Could of been in jail all from dealing drugs  
I could of been dead stories of what was  
I'm celebrating life poppin bubbly  
My champagne wish is to be sucka free  
Believe these hoes let em keep sucking me  
Don't believe these hoes temporary company  
My pockets on perm yeah my paper straight  
I'm in the streets eating need a paper plate  
It ain't no barbecue why you niggas grilling?  
Now when I fire up your grill they'll say why you kill em'?  
Bang bang BSB gang Brick Star boys dealing cocaine  
Got me black and white stones I could yin or yang  
My piece shine turn your eyes oriental bling  
Real California gangsta is what I claim to be  
But this hip hop dope spot it came to me  
Back tail with clientele dog bite with a lion tail  
Soft white boss life all kite fly as hell  
Cooked up zoned out wrong route  
Hopped out hopped in u-turn hopped out  
K's up BAH BAH raise up blaze up  
Back to the species That did take your breezy  
Your ho is so easy fasheezy my neezy  
This real two guns four hoes trap house one whip  
Dope man coke head sushi with rice  
Velvet satin lavish the life  
And if you stare if you look you'll get took  
You will be one of them hoes in my book  
Shabadu get revenue and I hooked up with Troy Avenue  
And we get to this money while knockin new bitches  
So vicious and that's....  
Anytime anyplace nigga I will squeeze that iron at your face  
Believe me if you try you dying I ain't safe  
As snoop said murder was the case  
Don't play with me I'm Troy A V E out the NYC shouts to LBC
