Jingle Baby

Stephanie Mills

Ooh, ooh, yeah, yeahChristmas is coming
That time this year
Have you written out your Christmas letters
Whatever you're wishing for
Whatever you need
I've got something here to make it betterI've got two strong arms to hold you tight
Lips to warm you on a cold, cold night
Rockin' and roll you 'til the morning light
With a heart full of Christmas cheerAnd I'll be your jingle baby
Baby if you'll be my jingle boy
Look for me underneath your tree
And I'll be your favorite toy
Don't need to wind me up or shake me
Got no batteries up my sleeve
Once we kiss and I'll go like this
Right on to New Year's EveTurn up the music
Come and sit by the fire
We can make this moment last forever, yeah
Don't read no instructions, boy
To tell us what to do
We know how to put this love togetherAnd I'll be your jingle baby
Baby if you'll be my jingle boy
Look for me underneath your tree
And I'll be your favorite toy
Don't need to wind me up or shake me
Got no batteries up my sleeve
Once we kiss and I'll go like this
Right on to New Year's EveAnd I'll be your jingle baby (jingle, jingle baby)
Baby if you'll be my jingle boy (be my jingle boy)
Look for me underneath your tree
And I'll be your favorite toy
Don't need to wind me up or shake me (wind me, shake me baby)
Got no batteries up my sleeve (nothing up my sleeve)
Once we kiss and I'll go like this
Right on to New Year's EveAnd I'll be your jingle baby (jingle, jingle baby)
Baby if you'll be my jingle boy (be my jingle boy)
Look for me underneath your tree
And I'll be your favorite toy
Don't need to wind me up or shake me (wind me, shake me baby)
