

According to My Heart

Jim Reeves

Accordin' to my heart
You're the one for me
The one love of my life is here
When you're with me
If someone stole your love
My heart would beat no more
For you're the one
My heart is always longin' for Well I don't know the reason why
My dreams don't turn out right
But I'll keep listenin' to my heart
Who knows, someday they might
For accordin' to my heart
The future will be bright
And everyday I pray
That my heart knows what's right Accordin' to my heart
You're the one for me
The one love of my life is here
When you're with me
If someone stole your love
My heart would beat no more
For you're the one
My heart is always longin' for Though I don't know the reason why
My dreams don't turn out right
But I'll keep listenin' to my heart
Who knows, someday they might
For according to my heart
The future will be bright
And everyday I pray
That my heart knows what's right
