Boy you hard on 'em, nigga you ain't know?

When you testify, you got to keep it fly

A lot of niggaz lie, shit we do or die

E'ryday we high, it's like a nine to five

I got my nina my fo'-heata beata by my side

I keep it tucked close when I'm on the West coast, West coast

I keep it on post when I'm with my East coast folks locs, East coast

Y'all know what's crack-a-lackin'

I'm from the hood of the drivebys and kidnappin's and car-jackin's

Me and Snoop Dogg on the hog

On our way to the mall, fuck all a y'll

We gon' ball 'til we fall, watch the chrome crawl

Intercept these fine bitches 'cause we want 'em all

Droppin' drawers, poppin' coochie and lickin' balls

Only gangsta ass nigga follow nigga laws

Only gangsta ass bitches get to run the hogs

Only real ass niggaz get to set it off

Now, the way I gets off in that ass it's a sin to not assassin

Grab a microphone have flashbacks and start flashin', ahh

I'm bound to toast ya

String you up like you was on the Ponderosa

Sip on Mimosa do it that way 'cause I'm supposed ta
Now most of ya, don't measure up
I'll make it hot and turn the pressure up
Steamin', regular, nah supreme and I ain't gassed

Ain't nuttin' shitty about this here fuck around and that's that ass
Just like, grass I, I want more Green than the Goblin

Probably why he done diggy diggy done done
Yo' lady think I'm cute, I be knockin' her boots
When she's away from home, she be swallowin' juice

See the barrel of a gun, nigga whatcha gon' do? Set it off
Niggaz pop mo' shit while we drop mo' shit
Continously, nigga nigga please
Slang yo' ki's, birdies and trees
You can catch me and my niggaz, overseas
Shootin' the breeze with a cute Vietnamese
Or was she Lebanese? I think she Chinese
It really don't matter 'cause they all on they knees
It's somethin' 'bout these motherfuckin' West coast G's
Make that cheese when the cops come you bet' not freeze
Blast on 'em like the Genovese, they yo' enemies
Lock you up and fuck you up
Talk shit to you beat you down then cuff you up
And leave you in a cell stuffed, damn
I ain't got no money for bail that's real as fuck, f'real

Tryin' to get a meal ticket and kick it
Chill, catch a plane to Spain or maybe Brazil
On the real can you feel me?
Yeah, yeah, set it off, it's Kurupt Young Gotti
Doin' it big for all y'all suckers
We set it off, Snoop Dogg, it's 'Tha Last Meal'
Last time y'll suckers gon' eat off my big homeboy
