Butterflykisses

Goapele

You came to me in a dream
All the qualities I asked for
In a man just understand me
Love me as you know me
I'll let yo know me wellI don't anticipate putting up a gate
Or shelter around my heart
I intend to find the good in side
Promise the real you
So pure, so I can give youButterflykisses
And pleasure you can feel
I'll daze you, even bathe you
If you remain to keep it realYes if you love me, love my mother
Know you my father
Hang with my brother
Don't discriminate or isolate me
Please let me be myselfI want to wear what I want to wear
And say whats on my mind
Please be kind
So I can give youButterflykisses
And pleasure you can feel
I'll daze you, even bathe you
If you remain to keep it realNow that you're here
My visions clear
I'm drenched in love
Fly like a doveAnd walking through
My life with you
Is a blessing oh so sweet loveButterflykisses
Butterflykisses
Butterflykisses
ButterflykissesButterflykisses
And pleasure you can feel
I'll daze you, even bathe you
If you remain to keep it realButterflykisses
And pleasure you can feel
I'll daze you, even bathe you
If you remain to keep it realButterflykisses
Butterflykisses
Butterflykisses
