

# Bad Mood

## The Vaccines

Better to be ready if you rattle my cage,  
Oh I should loosen up some, baby I know.  
But I get angrier with age,  
Better to be ready if you rattle my cage. Oh you look disappointed in me,  
Oh am I not as thoughtful as you thought I'd be?  
Yeah I know I'm always giving you the third degree,  
But you look disappointed in me. Now I'm in a bad, bad mood; a bad, bad mood.  
I'm in a bad, bad mood; a bad, bad mood. We'll rate, generate, generate some more,  
So what you singing about summer for?  
Forgive me if I'm onto one,  
And I'll afford it but I suspect,  
That retrospect to your perception,  
You're looking in the wrong direction.  
As I'm sure you will conclude,  
I'm in a pretty awful mood. Better to be ready if you rattle my cage,  
And I know I'm always putting it on you.  
But I get angrier with age,  
Better to be ready if you rattle my cage. Now I'm in a bad, bad mood; a bad, bad mood.  
I'm in a bad, bad mood; a bad, bad mood. I'm in a bad, bad mood; a bad, bad mood.
