You Make Me Want To Be A Man

Utada

I really wanna tell you something
This is just the way I am
I really wanna tell you something, but I can't
You make me want to be a man
Arguments that have no meaning
This is just the way I am
You really wanna tell me something, but you can't
You make me want to be a manThe thunder and the rain
Called you and you came
We didn't need to say much to communicate
Now it's different
99% is misinterpretedI really wanna tell you something
This is just the way I am
I really wanna tell you something, but I can't
You make me want to be a man
Arguments that have no meaning
This is just the way I am
You really wanna tell me something, but you can't
You make me want to be a manEvery word you say, finds a home in me
Nothing that anyone could ever say
Could hurt me like this
Baby please, don't light that cigarette
Don't light that cigaretteI really wanna tell you something
This is just the way I am
I really wanna tell you something, but I can't
You make me want to be a man
Arguments that have no meaning
This is just the way I am
You really wanna tell me something, but you can't
You make me want to be a manI really wanna tell you something
This is just the way I am
I really wanna tell you something, but I can't
You make me want to be a man
Arguments that have no meaning
This is just the way I am
You really wanna tell me something, but you can't
You make me want to be a man
