

# Blue

## Smashing Pumpkins

Hey Blue, all your love is strange  
Come out, with all those crazy names  
So true  
When you lie  
For you, Blue  
Right or wrong  
I belong  
Right or wrong  
Hey Blue, where'd you run to now?  
Hey Blue, miss you since they found you out  
I've been waitin' such a long time  
For your smile  
For you  
I lay with you, this velvet morning  
Stay with me, for a while  
Where we run to, is up to you  
Just stay with me, for a while
