

# I Love You Diane (A Capella)

Nomy

When I saw you today  
on the news far away  
you were talking about war  
it was hard to ignore  
your blond shiny hair  
like an angel I swear  
your eyes shimmered blue  
then I ran home to you  
so I got in your house  
like a quiet little mouse  
I'm in love I supposed  
so I slept in your clothes  
but in a frame with a man  
by your side my Diane  
it was shaped like a heart  
then my world fell apart  
then I waited a week  
for you to get back  
and I knew where you'd go  
you were going to jack  
but you opened the door  
I was hard to ignore  
with blood in my face  
and with Jack in a case  
Yeah this is who I am!  
I love you Diane!  
forget about Jack  
he's not coming back  
but I'm going to be your man!  
Yeah this is who I am!  
I love you Diane!  
I waited so long  
your boyfriend is gone  
you got me instead  
because I cut off his head!  
I waited so long and now we can talk  
do you feel the same?  
is that why you're in chock?  
you might wonder why

Jack is placed in a bag  
I'll tell you the truth  
but I don't mean to brag  
Yeah I cut off his toe  
and a foot and a leg  
I thought he was gone  
when he started to beg  
he screamed out your name  
I thought he's gone insane  
he died when he screamed out in pain  
Yeah this is who I am!  
I love you Diane!  
forget about Jack  
he's not coming back  
but I'm going to be your man!  
Yeah this is who I am!  
I love you Diane!  
I waited so long  
your boyfriend is gone  
you got me instead  
because I cut off his head!  
Diane, Diane, Diane!  
just say that we can fall in love  
oh, Diane, Diane, Diane  
let me be your man while you can  
Diane.  
DIANE!  
Diane.  
DIANE!  
Diane  
Yeah this is who I am!  
God damn you Diane!  
forget about Jack  
he's not coming back  
but I'm going to be your man!  
Yeah this is who I am!  
I love you Diane!  
I waited so long  
your boyfriend is gone  
it's me now instead  
because I cut off his head!  
Yeah this is who I am  
a killer Diane  
just please let me say  
before they take me away

that I want to be your man

Diane...
