Lost Broken Confused

Mest

Did you get scared standing alone in the crowd?
Did you give up when I was nowhere to be found?
Did you get tired of being left all alone?
Do you feel better now that you're on your own?There's nothing without you
The days once had are through
I'm lost, broken, confused
But I won't give up on you tonightAll I see is your face now on everyone else
And now I know how scared you were all by yourself
When the phone rings, do you ever hope that it's me?
Do you ever dream of a day when we will still be?There's nothing without you
The days once had are thorough
I'm lost, broken, confused
But I won't give up on you tonightTonight I'll lie here all alone
Wondering what our future holds
And if my life should fall apart
Would you still care?
Would you still care?There's nothing without you
The days once had are thorough
I'm lost, broken, confused
But I won't give up on you tonight
I won't give up on you
I won't give up on you tonight
