

# I'm Just A Country Boy

[Sam Cooke](#)

(I've got silver in the stars, and gold in the morning sun)

I ain't gonna marry in the Fall  
I ain't gonna marry in the Spring  
Oh for I'm in love with a pretty little girl  
Who wears a diamond ring  
Oh and I'm just a country boy  
Money have I none  
Oh but I've got silver in the stars  
And gold in the morning sun  
I've got gold in the morning sun

I'm never gonna kiss the ruby lips  
Of the prettiest girl in town  
No I'm never gonna have her if she'd marry me  
For I know she'd turn me down  
'Cause I'm just a country boy  
Money, money have I none  
Oh but I've got that silver in the stars  
And gold in the morning sun  
I have gold in the morning sun  
(Just a country boy)
