

# Fell Down Fast

**Kathryn Williams**

I fell down fast fell down free  
Lost my money lost my greed  
I just want the prize you gave to them Became a saint from just a friend  
Mending boats on white hot sands  
We all want to still think you are there 'Cause you were the one that spoke out  
We were the ones you tried to stay awake  
We were the ones sorting our lives out  
You were the one who made the break You fell down fast fell down free  
Found a freedom lost the needs  
I just want to prize you away We carry on we carry memories  
With every day your turning into dreams  
I just want one more argument 'Cause you were the one that spoke out  
We were the ones you tried to stay awake  
We were the ones sorting our lives out  
You were the one who made the break You fell down fast we fell down fast  
Fell down fast  
In just a flash you fell down fast  
Fell down fast You fell down fast you fell down fast  
Fell down fast  
In just a flash you fell down fast  
Fell down fast
