

I Got a Mind to Tell You

Spencer Day

I got a mind to tell you
What I've been trying to tell you
For so long, don't wanna get it wrong
But I got a heart that soften to open all too often
That's a dangerous little combination And I'm afraid a little brush aside
Could irreparably impair my pride
I got a mind to tell you but I never will Don't wanna take it easy
Don't wanna play the game of be a friend
A game with false pretenses
And playing hard to get is, gets him in no effects
Should I confess or lower my defenses Do I say the words I want to say
And risk the chance that you will run away oh, oh
I got a mind to tell you but I'll never will I got a mind, I got a mind to let you know oh, oh, oh, oh
I got a mind, I got a mind to let you know
Cuz I can't hold it inside Do I say the words I wanna say
And risk the chance that you will run away oh, oh, oh, oh
I got a mind to tell you but I never
I got a mind to tell you but I never oh
I got a mind to tell you but I never will...
