## Black Sabbath

I hide myself inside the shadows of shame  
The silent symphonies were playing their game  
My body echoed to the dreams of my soul  
This god is something that I could not control  
Where can I run to now?  
The joke is on me  
No sympathizing god is insanity, yeah  
Why don't you just get out of my life, yeah?  
Why don't you just get out of my life now?  
Why doesn't everybody leave me alone now?  
Why doesn't everybody leave me alone, yeah?  
Obsessed with fantasy, possessed with my schemes  
I mixed reality with pseudogod dreams  
The ghost of violence was something I seen  
I sold my soul to be the human obscene  
How could it poison me?  
The dream of my soul  
How did my fantasies take complete control, yeah?  
Why don't you just get out of my life, yeah?  
Why don't you just get out of my life now?  
Why doesn't everybody leave me alone now?  
Why doesn't everybody leave me alone, yeah?  
Well I feel something's taken me I don't know where  
It's like a trip inside a separate mind  
The ghost of tomorrow from my favorite dream  
Is telling me to leave it all behind  
Feel it slipping away, slipping in tomorrow  
Got to get to happiness, want no more of sorrow  
How I lied, went to hide  
How I tried to get away from you now  
Am I right if I fight?  
That I might just get away from you now  
Sting me!  
Well I feel something's giving me the chance to return  
It's giving me the chance of saving my soul  
Beating the demigod, I'm fading away  
I'm going backwards but I'm in control  
Feel it slipping away, slipping in tomorrow  
Getting back to sanity, providence of sorrow

Was it wise to disguise  
How I tried to get away from you now  
Is there a way that I could pay  
Or is it true I have to stay with you now?  
How I lied, went to hide  
How I tried to get away from you now  
Am I right if I fight?  
That I might just get away from you now  
Suck me!  
I'm really digging schizophrenia the best of the earth  
I've seized my soul in the fires of hell  
Peace of mind eluded me, but now it's all mine  
I simply try, but he wants me to fail  
Feel it slipping away, slipping in tomorrow  
Now I've found my happiness, providence of sorrow  
No more lies, I got wise  
I despise the way I worshipped you yeah  
Now I'm free, can't you see  
And now instead I won't be led by you now  
Free!
