Funeral Empire

Tempest

If you ever come across the sea
You're just wastin' your time, wastin' your time
Over here we are losers, some people
We are way out of line, way out of lineEverybody's saying it's gotta stop and it'll never stop
It'll never be
It'll never be cool 'cause it's too much aggravation in our historyThe sun will never go down
The sun will never set
The sun will never go down
The sun will never setThe sun will never go down
The sun will never set on the funeral
Set on the funeral, set on the funeral empire
On the funeral empire, on the funeral empire
On the funeral empireNow somebody help me 'cause I'm afraid
We must have known that what we did was so wrong
We must have known that what we did was wrong
YeahSo if you ever come across the sea
You're just wastin' your time, wastin' your time
Over here we are smart as can be
We are way out of line, way out of lineIt makes no difference when we say our love is true
They had to play our game, play our game
It makes no difference when we say the sea is blue
They just took what we claimedThe sun will never go down
The sun will never set
The sun will never go down
The sun will never setThe sun will never go down
The sun will never set, oh noWell, the funeral empire
On the funeral empire
Well, Queen Victoria
Yeah, she had it comingOn the funeral empire
On the funeral empire
On the funeral empire
On the funeral empireOn the funeral empire
On the funeral empire
On the funeral empire
On the funeral empireShe had it coming
On the funeral empire
