

# Meet You There

## Augustana

Climb up a mountain  
Just to watch it come down  
But sooner or later babe  
You're gonna need me around 'Cause you're getting older  
There ain't no stopping that  
It's a backstabbing world, honey  
Just lean your head back The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night, meet you there someday Six in the morning  
Never felt so sweet  
Just put on Lucinda, baby  
And dance with me I know I'm hard to count on  
Forget half what I'm told  
You probably only know my voice  
From a goddamn microphone The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night, meet you there someday It's a fucking waste  
A teenage taste of me  
But if daddy cries  
Just say goodnight and I'll come If I could change  
And keep away the rain  
Well, the sun would shine every night  
And I'll come, meet you there someday The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night, meet you there someday Meet you there someday  
Meet you there someday  
Meet you there someday
