

# Goodbye

## Life On Planet 9

Where were you when I needed you  
You left me here for dead  
Where were all your promises  
You walked away instead

How do you feel now, how do you feel?  
How do you feel now, how do you feel?

You were long gone when I needed you the most  
But I dug my way out of a hole once filled with hope  
I wanted to trust you I wanted to believe  
But I don't see you caring about what you did to me

So how do you feel now, how do you feel?  
How do you feel now, how do you feel now?

I'm left with piece of mind and feeling ok  
Cuz the only fault of mine I was guilty of faith  
I put in my time now there's nothing left to say  
So this is goodbye and I'm on my way  
I'm on my way
