

Cuts Like Fire

Cinnamon Chasers

Don't you want this?
It hurts so bad to need it,
Hurts like fire, across my heart.
So many reasons,
You've given me to walk out,
This hard love,
You fly to, to my life.
Don't you want this?
It hurts so bad to need it,
Burns like fire, across my heart.
So many reasons
You've given me to walk out
This hard love
You fly to, to my life

So, so in love with you,
So, so in pain over you.
So, so in love with you,
So, so in pain over you.
