We Bite

Orange Goblin

We walk the streets, we're out to get you
We bite
Just a feast of blood and gore
We bite
Carnivores that live for pleasure
We bite
Strike out like a wolf's endeavor
We biteWhen I get your blood, I rip your throat
Your blood, I rip your throat
Your blood, I rip your throat
To drink some bloodWe bite
We bite
We bite
We biteWhen I get your blood, I rip your throat
Your blood, I rip your throat
I want your blood, I rip your throat
To drink some bloodWe bite
We biteWhen I get your blood, I rip your throat
Your blood, I rip your throat
Your blood, I rip your throat
To drink some bloodWe bite
We bite
We bite
We bite
