

Secret Hideaway

The Crazy Carls

Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you There are lay tonight
A night so quiet
No more a abandoned
As they had been See them lying tonight
Oh, so quiet
Enjoy and listen
A tender of silence Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you In search of something
Something to dream
No oblivion no
No disappointment Quiet me and
A grateful you
Believe in me it is
It's really true Secret hideaway, don't want to leave us now
Secret hideaway, we are about to tell
Secret hideaway, we share your visions too
Secret hideaway, that is what we will do Secret hideaway, hello we welcome you
Secret hideaway, yes we know what to do
Secret hideaway, I throw my arms around you
Secret hideaway, yes we do welcome you
