

Little More Personal

Lindsay Lohan

No, I like when people talk in the beginning of songs
I think that's kinda rat
(I don't think you should use it)
Well something kinda introspective, something that means a bit to me
(Like a little more?)
Personal
You say you gotta go but what does that mean?
Do you wanna be together or is it just me?
Sometimes I think you're in, until I think you're out
It's like I'm swimmin' in the deep and pull me out
Want it to feel, want it to know
Want it to steal a little piece of Heaven, I can call my own
Can we try a little more personal?
Can we throw away all the casual?
'Cuz the more I know about you
And the more you know about me
It's easier to be
A little more personal
It's like we do a dance where no one wants to move
But if I take the first then maybe we can find a groove
I'm really tryin' hard to not just walk away
I think that it's about time someone said
Want it to feel, want it to know
Want it to steal a little piece of Heaven, I can call my own
Can we try a little more personal?
Can we throw away all the casual?
'Cuz the more I know about you
And the more you know about me
It's easier to be
A little more personal
I wanna know what goes on in your mystery
I think that I could have the key to run back everything
Can we try a little more personal?
'Cuz the more I know about you
And the more you know about me
It's easier to be
A little more personal
Can we try a little more personal?
Can we throw away all the casual?

'Cuz the more I know about you
And the more you know about me
It's easier to be
A little more personal
You say you gotta go but what does that mean?
Do you wanna be together or is it just me?
