

# Burning Up

## Skream

Every time that you're walking by  
I feel the vibe inside  
There's something about the way you are  
That's giving me butterflies  
Maybe, the planets have aligned  
Maybe, it's all in my mind  
So let me just introduce myself  
Before I get too shy  
I've seen you in my dreams at night  
To you, I fantasize  
You caught my eye, you're just so fine  
You caught my eye, you're just so fine  
I'm burning up for you  
I'm burning up for you  
I see diamonds in the sky  
Touch my hand and I can fly  
All this is a mystery  
So come on, come on and dance with me  
I can't believe it's 4 a.m.  
Where did the time go?  
I could sit here for days and days  
Just hanging with you alone  
We got an instant history  
Some supernatural chemistry  
Can't you feel it, can't you feel it, oh  
But I'm giving you my number now  
Before this goes too far  
It's getting really hot in here  
And soon it will be hard to say goodnight  
The time's not right, so say goodnight before I die  
I'm burning up for you  
I'm burning up for you  
I see diamonds in the sky  
Touch my hand and I can fly  
All this is a mystery  
So come on, come on and dance with me  
You make me feel like fire  
Is this love or just desire?  
You make me feel like fire

Is this love or just desire?  
I'm burning up for you  
I see diamonds in the sky  
Touch my hands and I can fly  
All this is a mystery  
So come on, come on and dance with me  
I see diamonds in the sky  
Touch my hands and I can fly  
All this is a mystery  
So come on, come on and dance with me
