

We're All Young Together

Walter Martin

The new kid on my street
She kinda looks like me
Instead of climbing trees
We like to sing this song in harmony
And her momma sings too
And the old man taps his shoe
Music's like shampoo
I need it every morning yes I do And we're all young together
And we're all young together Oh my aunt Marie
She just turned thirteen
She's as skinny as a bee
And she moves like no ones ever seen
She does a hang man shake
I do the elevator
She does a camel walk
I do the alligator And we're all young together (repeats until the song ends)
