

My Last Mistake

Stuck in your radio

It took some time to see the truth
With puppy eyes I was a fool
you played your cards right
in a game made for two
It's not safe, she blurs my vision
leaving her's the right decision
Just pack my bags and head on home
Cuz next to you I don't belong
I think its time to say
Im done
Between us two, there is no us
I won't refuse to say so long
my only say for us is to simply
MOVE ON!
It's not safe, she blurs my vision
leaving her's the right decision
It's not safe, she blurs my vision
leaving her's the right decision
Just pack my bags and head on home
Cuz next to you I don't belong
I think its time to say
Im done
Packing up my bags
booking up my flight
ONE WAY!
Never looking back
its ok to say
TOO LATE!
It's my last night here
Just pack my bags and head on home
Cuz next to you I don't belong
I think its time to say
Im done!
Packing up my bags
booking up my flight
ONE WAY!
Never looking back
its ok to say
TOO LATE!

It's my last night here!

It's my last night here!
