Things Get Better

Delaney & Bonnie

You can bring joy
I never had
I'm gonna be right near now
Long as it lasts and that's whyThings get better, baby
When I'm with you, yeah
Things get better, baby
When I'm with you, yeahI can be lonely
You can be found
I'm not lonely, baby, but
You're always around and that's whyThings get better, baby
When I'm with you, yeah
Things get better, baby
When I'm with you, yeahNever in doubt or without you
I know that you're mine
I can't lose this feeling
You stay on my mind and that's whyThings get better, baby
When I'm with you, yeah
Things get better, baby
When I'm with you, yeahThings get better, baby
When I'm with you, yeah
Things get better, baby
When I'm with you, yeah
