

In Limbo

Genesis

Please take me away
Far from this place
Leaving me here
Take me awayTo the furthest star in the sky
 Take me away
 To the deepest cave of the night
 Take me away
 Voices of love, here I am
 In the sad sad world of fear
 Take me away
 From the power of my ambition
 And I'll be happyI - I've conquered time
 Where will I go ?
 Am I still mine ?
Take me awayTo the furthest star in the sky
 Take me away
 To the deepest cave of the night
 Take me away
 Voices of love, here I am
 In the sad sad world of fear
 Take me away
 From the power of my ambition
 And I'll be happy
