

# Daydream

**Bruce Zimmerman**

My daydream seems as one inside of you  
Though it seems hard to reach through this life  
Your blue and hopeless life  
My daydream screams bitter 'til the end  
The love I share, true, selfish to the heart  
My heart, my sacred heart  
My daydream dream  
My daydream  
My daydream dream

My daydream  
I'm going crazy  
I'm going crazy  
I don't want feelings  
Your feelings  
I have gone crazy  
Motherfuckin' crazy  
I have gone
