

Teen Angel

Donovan

All the boys in the neighborhood
Would love you if they could But I'm easy
But I'm easy
But I'm easy Now that you're in demand
Handle it if you can 'Cause it's easy
'Cause it's easy
'Cause it's easy I'll take you anywhere
Buy ribbons for your hair
You need me anyway
And you know what I'm going to do Now the boys as you look about
May be funny to work out But I'm easy
But I'm easy
But I'm easy
