Cold Chillin'

LEN

Aiyyo what's up, my name is D-Rock, the number one, I'm here
To celebrate the first annual, four ways to rock blowin' up the spot party
We got the MC's, DJ's and breakers up in here tonight, so let's
Get down to it, remember to keep it peaceful and dance, come onWe're partyin' Friday night
And gettin' all good to go
We're partyin' Friday night
Cold chillin' in stereoWe're partyin' Friday night
And gettin' all good to go
(To the beat y'all and you don't stop)
We're partyin' Friday night
Cold chillin' in stereoYo yo yo yo, people, people gather round
'Cause what we have here is a brand new sound
So come on everybody, let's all get down
To the red, yellow, black, to the white or brownCome on party people, let's have some fun
We're gonna make two MC's sound like one
It's like that y'all, that y'all, like that y'all, that y'all
It's like tha-tha-that, it's like that y'all, whatWe're partyin' Friday night
And gettin' all good to go
(To the beat y'all and you don't stop)
We're partyin' Friday night
Cold chillin' in stereoYo everybody, could you move back and form a circle
The dancers are about to hit the floor, also all those
Competin' in next week's break battle, please sign up at the back
Y'all havin' a good time? I said, y'all havin' a good time?We got the B-Boy breakers up in the club

And DJ's breakin' beats from the old school hits
Graf writers bomb while the boomin' bass kicksSo throw you hands up, it's Friday night
Cold chillin' in the spot and the vibe is right
To the beat y'all, beat y'all and you don't stop, stop
It's Len and Kurtis blow and we're blowin' up the spotWe're partyin' Friday night
And gettin' all good to go
(To the beat y'all and you don't stop)
We're partyin' Friday night
Cold chillin' in stereoWe're partyin' Friday night
(It's Friday night)
And gettin' all good to go
(Ain't a damn thing funny)We're partyin' Friday night
(Friday night)
Cold chillin' in stereo

(Ain't a damn thing funny)We're partyin' Friday night
(Chill, chill)
And gettin' all good to go
