

Daddy's Good Girl

Monica

Sometimes just won't do it
Shopping sprees might make me smile for now
but what about later?
and i dont mean to put you through it
I just wanna know im cared for
I wanna know you there, boy
-breakdown
and if you love me
tell me that you care boy
I need to hear those words
before I go to bed
I make it easy
Baby i just want you to need me
I wanna feel your touch
taste your kiss
Hear your voice in my head
-chorus
and i promise to be good
daddys good girl
you not gone hear nothing bout me
and you not laid up in these streets
and i promise to be good
daddys good girl
as long as i know you got that love for me
Imma be G-O-O-D (repeat this twice)
and i swear you found the truest
no need to question i swear imma hold you down
cause ive had plenty takers
and a few times you almost blew it baby
but you showed me i was cared for
so ill be here boy
-breakdown
and if you love me
tell me that you care boy
I need to hear those words
before I go to bed
I make it easy
Baby i just want you to need me

I wanna feel your touch
taste your kiss
Hear your voice in my head
-chorus
and i promise to be good
daddys good girl
you not gone hear nothing bout me
and you not laid up in these streets
and i promise to be good
daddys good girl
as long as i know you got that love for me
Imma be G-O-O-D (repeat this twice)
all a good girl needs is loving, loving
and i bet youll make her smile bay
and she wont leave you for nothing
nothing in this world could take her love away
-breakdown
and if you love me
tell me that you care boy
I need to hear those words
before I go to bed
I make it easy
Baby i just want you to need me
I wanna feel your touch
taste your kiss
Hear your voice in my head
-chorus
and i promise to be good
daddys good girl
you not gone hear nothing bout me
and you not laid up in these streets
and i promise to be good
daddys good girl
as long as i know you got that love for me
Imma be G-O-O-D (repeat this line twice)
