Most Chicks

Kogz

Yo,
You know the type of chick sexy when she bites her lip.
Fire in the sheets and likes it when you cross the line a bit.
Kinda likes the finer things, I'm diving off a pirate ship, searching ocean floors for the perfect kinda diamond ring. I'm in a pile a shit, I guess I've gone and done it, hit with cupids arrow with no intentions to pluck it fuck it.
I've had a lot of shit with chicks in the past, sorta similar to this except this hisnt hard.
So I'mma push them back, no I'mma shoot for the future, like bruce willes did in the movie script lupa, im tryna do my best but probably gunna lose her, always go and mess up sorry if I do, and I don't open up or even share my feelings much, i'm a broken cunt like scissors blades i keep em tucked. i never thought that i would ever fall or be in love but thats because before i only dated fucking cheating sluts.

{chorus}
Most chicks are sluts, always tryna fuck your friends,
Most chicks are sluts, that's why you try and fuck them,
Most chicks are sluts, only tryna phone a dick,
Most chicks are sluts, but this one isn't most chicks,

Yo,
You know the type of chick,
Sexy as she minds her bus, fighting every week but only over tiny minor shit. kinda why i'm writing this, jumping through her fire rings, a circus lions life intents, i'm liking how she strikes the whip.
I guess I'm love struck, or is it dumb luck, i'm hoping that she doesn't go and make me look a dumb cunt,
I gotta take the leap, I guess we'll wait and see and see if I get burnt into an ashy patch of hate and grease, or maybe me, maybe I'm as crazy as I seem, chasing love to try and fill this place i labelled vacancy.

Most chicks are fuck ups,
Dumb sluts will break up,
Hoe bags and fake whores,
Cum buckets so forth,

and thats the truth, most of them are nothing but, but this one is nothing but the opposite of just a slut.

{chorus}
Most chicks are sluts, always tryna fuck your friends,
Most chicks are sluts, that's why you try and fuck them,
Most chicks are sluts, only tryna phone a dick,
Most chicks are sluts, but this one isn't most chicks,

Yo,

You know the type of chick, sexy and she's like a wick,
Bright as shit and likes it when you wine and dine and buy her things,
Doesn't love the icing fits only likes the lighter shit, type of chick that always smiles, never lies and trys to split,
Never hides behind her silence, always lets me know whats up,
I Always had trust issues ever since I was young and growing up,
but things've changed, she there but knows to give me space,
I've never known a chick to say ' you hungry kogz, come fix a plate'
Fucking hell, I've never really had the luck like this, plenty of fish in the sea but always caught a fucking bitch,
but on that note if you fuck another bloke I wont hesitate to wreck your face and cut his fucking throat

{chorus}
Most chicks are sluts, always tryna fuck your friends,
Most chicks are sluts, that's why you try and fuck them,
Most chicks are sluts, only tryna phone a dick,
Most chicks are sluts, but this one isn't most chicks,
