

Darkroom (Full Length Version)

[Paul McCartney](#)

Got a place we can go
Lights are low
Let me show you to my darkroom
Come a come along with me to my darkroom
Come a come along with me to my darkroom
Come a come along with me to my darkroom
Come a come a come a come a come a
Come a come a come a come a come a
Got a place we can go
Lighting low
Let me show you to my darkroom
Come a come along with me to my darkroom
Got a place
Come a come along with me to my darkroom
We can go
Got a place we can go
Lighting low
Let me show you to my darkroom
Come a come along with me to my darkroom
