

# No Time To Kill

Clint Black

There's no time to kill between the cradle and the grave  
Father time still takes a toll on every minute that you save  
Legal tender's never gonna change the number on your days  
The highest cost of livin's dyin', that's one everybody pays  
So have it spent before you get the bill, there's no time to kill  
If we'd known ten years ago today would be ten  
years from now

Would we spend tomorrow's yesterdays and make it last somehow  
Or lead the cheers in someone else's game and never learn to play  
And see the rules of thumb are all the same that measure every day  
The grass is green on both sides of the hill, there's no time to kill  
No time to kill, even I've said it, probably  
always will

But I can look ahead and see that time ain't standin' still  
No time to kill but time to change the kind of hurry I've been in  
Quit this work and worry lookin' back at where I've been  
If you don't look ahead nobody will, there's no time to kill  
If we had an hour glass to watch each one go by  
Or a bell to mark each one to pass, we'd see just how they fly  
Would we escalate the value to be worth its weight in gold  
Or would we never know the fortunes that we had 'til we grow old  
And do we just keep killin' time until there's no time to kill  
No time to kill, even I've said it, probably always  
will

But I can look ahead and see that time ain't standin' still  
No time to kill but time to change the kind of hurry I've been in  
Quit this work and worry lookin' back at where I've been  
If you don't look ahead nobody will, there's no time to kill  
No time to kill, even I've said it, probably always will

But I can look ahead and see that time ain't standin' still  
No time to kill but time to change the kind of hurry I've been in  
Quit this work and worry lookin' back at where I've been  
You don't look ahead nobody will, there's no time to kill  
No time to kill, no time to kill
