

The Program

Endo

You better get with the program in your fuckin' head
 'Cause the life you see left for dead
 With the program in your fuckin' head
Yeah the life you see left for dead You're indecisive
 Gone too far
 Stuck in denial
Which leaves you scarred Some say life is dead
 Shot back in my head
 Some say your life is dead
 Shot back in my You're indecisive
 Gone too far
 Stuck in denial
Which leaves you scarred, scarred, scarred
Scarred motherfucker Once again with the program in your fuckin' head
 'Cause the life you see left for dead
 With the program in your fuckin' head
Yeah the life you see left for dead Once again the front is ability
 I can't realize what's inside of me yeah
 I feel the break, uhh huh it's comin' through the drop zone
My life in the far zone yeah I can't wait no inside I feel the heat
 The kid's on I keep my seeds in me
 I can't wait to be the one
It's cramping my vibe, grabbin' the wrench Once again the front ability
 I can't realize what's inside of me yeah
 I feel the break uhh huh it's comin' through the drop zone
My life in the far zone yeah I can't wait no inside I feel the heat
 The kid's on, I keep my seeds in me
 I can't wait to be the one
It's cramping my vibe, grabbin' the wrench You better get with the program in your fuckin' head
 'Cause the life you see left for dead
 With the program in your fuckin' head
Yeah the life you see left for dead You're indecisive
 Gone too far
 Stuck in denial
Which leaves you scarred
