Love suggestions
Love suggestionsGirl, you got me
You know you got me wrapped around your fingers
And you can have me, yeah
Have me anyway you want me, sugar
You know I'm down'Cause if you need it
You need a little more affection
Not just plans of undressing
Baby, I'm open for love suggestionsIf you really
(You want a real connection)
A real connection
(Romance and a little passion)
Some passion, girl
I'm wanting your
(Love suggestions)Whatever's on your menu
Right away, baby, I'll serve it up
And If I can't get through
No worries, please, I'll save it upAll you gotta do is say it
Just say it, and you'll get your wish
Any way you wanna play it, just say it
And I'm officially yoursIf you need a little more affection
Not just plans of undressing, baby, baby
I'm open for love suggestionsIf you need it
(You want a real connection)
A real connection
(Romance and a little passion)
That's what you want, baby
