

# Tonite

## The Go-Go's

The street lights are shining bright tonite  
The billboards are shedding their light tonite  
My crowds are hanging around tonite There's a charge in the air tonite  
It's kind of electric out there tonite  
And we're all out on the town  
Action gonna track it down  
Gonna turn some heads tonite There's nothing, there's no one  
To stand in our way  
Get dressed up and messed up  
Blow our cares away Our mind's set on seeing  
This night through 'til day  
We rule the streets tonite  
Until the morning The boulevard is crowded and loud tonite  
It's time for excitement right now tonite  
There's no better world to be found  
If there was we'd give it all  
For a lifetime like tonite There's nothing, there's no one  
To stand in our way  
Get dressed up and messed up  
Blow our cares away Our mind's set on seeing  
This night through 'til day  
We rule the streets tonite  
Until the morning There's nothing, there's no one  
To stand in our way  
Get dressed up and messed up  
Blow our cares away Our mind's set on seeing  
This night through 'til day  
We rule the streets tonite  
Until the morning light
